

## Tai Sophia Institute

*When we think of healthcare in Maryland, we think of Johns Hopkins or the University of Maryland. But the picture wouldn't be complete if we didn't think of Tai Sophia Institute. For more than 30 years, Tai Sophia has been dedicated to healing – educating the next generation of practitioners in acupuncture and herbal medicine. It was founded on a bold vision based on the intellectual rigor of an Eastern tradition, at the same time grounded in Western philosophy.*

— Senator Barbara Mikulski, Maryland

## Support a New Vision for the Future of Healthcare
